

Your Voice Counts

EuroPharm Forum Vision to Practice 2020 Consultation for a New Approach

Second Announcement

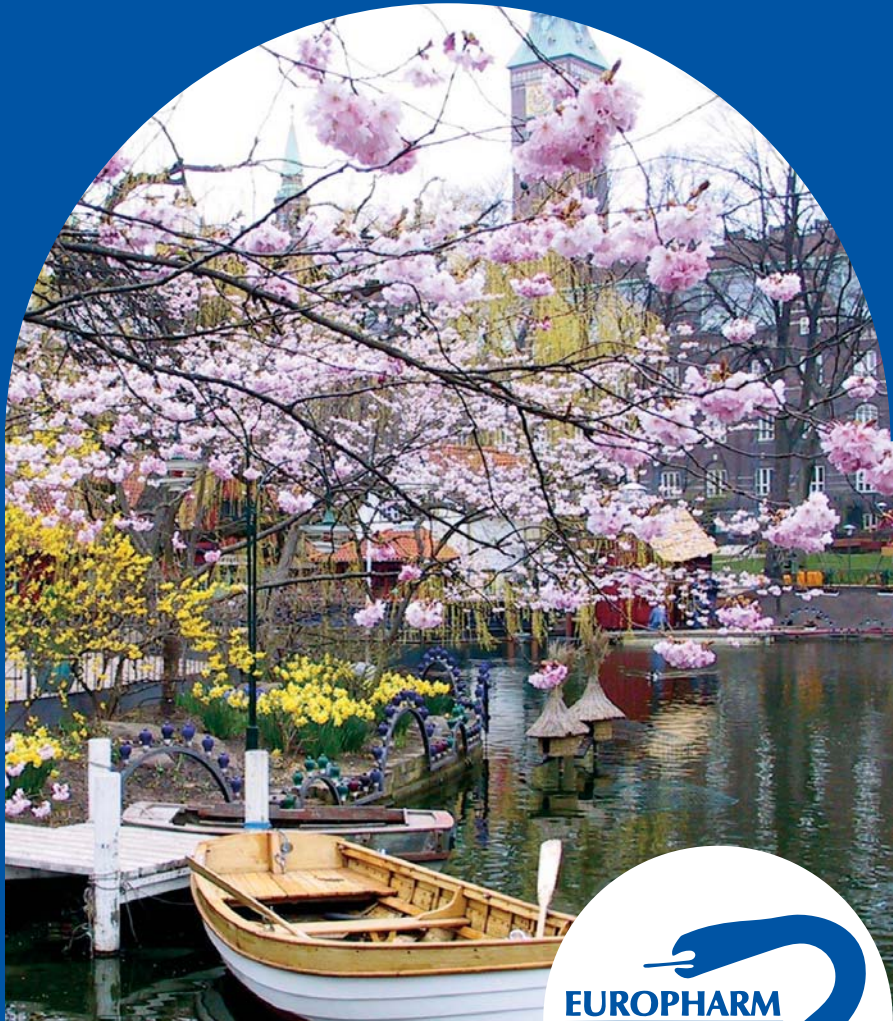

The Executive Committee has called for a Consultation with colleagues, member associations and other organisations that care about the future of the Forum. This future could well be one that looks very different from the past – all doors are wide open.

The object of the day is to obtain your answer to this: Should we continue to plan for a future for the Forum, or should we prepare closure – or perhaps think of other alternatives?

You will be presented with the situation as seen by the Executive Committee. We will discuss the Vision to Practice 2020 (strategy), the professional domains, the work method, finances, secretariat, co-operation with the WHO Collaborating Centre and networking. You are most welcome to suggest additional themes to be addressed (by 11 May).

You will be called upon to speak! To give comments, suggestions and, hopefully, also your support. Some areas will most certainly need more discussion; we will identify these and spend extra time on them. At the end of the day, we will make conclusions for the next steps.

The Executive Committee is very open to suggestions and is looking forward to the Consultation with an open mind and a positive spirit.

**EUROPHARM
FORUM**

Registration

www.europharmforum.org

Aim

To bring members, observers and ALL interested parties together to discuss and set the future of the EuroPharm Forum

Date

26 May 2009 from 9.30-16.00
