

FIP Fellows 2009

Istanbul, Turkey, 4 September 2009

The Bureau of the International Pharmaceutical Federation is extremely pleased to announce this year's recipients of the **FIP Fellow Award**.

The FIP Fellow Award was established in September of 2004 with the purpose of recognising those individual members of FIP who have exemplified throughout their career strong international leadership, distinguishing work in pharmaceutical science or practice, and who have served FIP over and above the standard required of them. As a global Federation, it is of utmost importance to FIP to pay homage to those individuals who are advancing the aims of the Federation in an international community that is simultaneously expanding and becoming smaller, and it is in this spirit that the FIP Fellowships are conferred.

These recipients, who will hereby be recognised with the designation of FIP Fellow (FFIP), have consistently proven to uphold the qualities and professional characteristics deemed by FIP to deserve this special recognition.

The following individuals have been acknowledged as FIP Fellows for 2009:

- **Dr Dirk Maarten Barends**
- **Dr Michel Buchmann**
- **Prof. Martin Schulz**
- **Prof. Stanley Shaw**
- **Dr Dick Tromp**

The FIP Fellowships were deservedly awarded at the Opening Ceremony of the 69th FIP World Congress of Pharmacy and Pharmaceutical Sciences, Istanbul, Turkey. FIP offers deserved congratulations to all awardees, and thanks them for their dedication to the mission of the Federation.

Join us next year in Lisbon!
